Old Business

Building and Grounds – Supervisor LaRocque repaired the garage doors at the Transfer Station.

Road Update – The culvert repair on Polish Line is completed. Supervisor LaRocque met with Fred Wilkinson about the bill to crush gravel for the Township over the past several years. Wilkinson's have no way to track what was used in the past, so we will not be charged for that. Going forward, they are weighing all loads and will invoice us as needed.

Fireboard Report -Trustee Borowicz – Truck 6930 has been repaired. There were 245 runs last year. December's runs included a gas smell at Blarney Castle, car into a pole, semi off the highway during the storm and a request for increased lawn maintenance at Station 1.

Treasurer Report – Taxes have gone out.

Citizens Comment – Marshall Beck asked if there was any way to cut down the number of trash companies running trucks through Mullett Lake Village to cut down on road wear and noise, possibly by having a contract with one company.

Tim MacArthur said that the driveway marker on the left side of the Transfer Station driveway is missing.

A citizen asked if there was anything we could do about the new LED lighting on the 27 corridor. He thinks it is too bight and is not aimed down at the road, but pointed at an angle that is too bright and not illuminating only the road. He suggested we install shades, change the color of the bulbs or direct them downward to cut the glare.

Allen Chamberlin said there is still a lot of people speeding on the curve by the High School and asked if we could pressure the Sheriff Department to do anything about it.

Adjournment - Motion to adjourn meeting at 7:27 p.m. by Schramm, supported by Beebe.
