Correspondence

Sewer Monthly Flow

New Business

We are putting down stone at the Polish Line Beach and adding sand to the Foote Road Beach to repair washout damage from the flooding.

We spoke about replacing the rope and buoys we have at the Foote Road Beach. The Board decided to hold out on this for now as they are not legally required and there have been no incidents.

There have been a lot of sewer issues lately as the system ages and it will continue to be a problem. Recently, it was discovered that the line by the condos on M33 was not backflushed after the fire and was plugged solid. An excavator had to auger the line to clear it. We have already spent around $35,000.00 in repairs in 2026 and there is at least one more big repair that we know will need to be done. We may need to put more money aside for future sewer problems and discussed possible help from the DDA.

Old Business

Building and Grounds –

Road Update – The Polish Line Road project is scheduled to begin on June 15, 2026. Brining on Township roads will start on June 8, 2026 after the completion of grading by the County.

Fireboard Report - There have been 52 calls so far this year. It was a busy month with calls including lines down, structure fire, single vehicle crash, chimney fire, power line down and a three vehicle crash on M-27.

Treasurer Report – We received a check from the City for the Sewer in the amount of $22,800.00. It was short due to prior overpayment. Taxes will go out in about three weeks.

Citizens Comment –
Leo Forster asked why we weren't included on the list for the playground development grant. He also suggested we keep a trailer at the transfer station to use for scrap metal drop off. He will donate a 4x8' trailer for this use.

Adjournment - Motion to adjourn meeting at 7:50 p.m. by Schramm, supported by Merchant. Motion carried.
